Summary

Results-driven Data Science and Analytics enthusiast with a solid foundation in Python, SQL, Statistics, and Machine Learning. Skilled in data cleaning, exploratory data analysis (EDA), data visualization, and predictive modeling using tools such as Excel, Power BI, Pandas, and Matplotlib. Strong analytical thinking, problem-solving abilities, and eagerness to contribute to data-driven projects.

Projects

Product Catalog (Spring Boot, Java, MySQL)

- Developed a full-stack web application to manage a product catalog with complete CRUD functionality.
- Implemented RESTful APIs for product management and integrated with MySQL database.
- Designed modular architecture ensuring scalability and maintainability.

Sales Data Analysis (Python, Pandas, Matplotlib, Power BI)

- Analyzed a retail dataset to identify top-selling products, sales trends, and customer purchasing patterns.
- Performed data cleaning, EDA, and created interactive dashboards in Power BI.
- Generated insights such as monthly sales forecasting and customer segmentation.

Education

B.Tech in Computer Science and Engineering (AI Specialization)

KIET Group of Institutions, Ghaziabad 2023 – Present
Current SGPA: 7.0

Senior Secondary (Class XII) – CBSE Board

Percentage: 93.60% 2022

Secondary (Class X) – CBSE Board

Percentage: 93.60% 2020

Skills

Programming Languages: C, C++, Java, Python, SQL

Tools & Technologies: Oracle SQL Server, Ubuntu (VirtualBox), NumPy, Pandas

Core Subjects: Operating Systems, OOP, DBMS

Certifications & Internships

Certifications

- Cybersecurity Foundation – Palo Alto Networks (14 May 2025)

Internships

- Subject Matter Expert – LearnAsYouGo (17 Oct 2024 – 17 Nov 2024)

Last updated: September 2025
